

# Leave **MRSA** in the pig barn

Help reduce the risk of spreading livestock MRSA

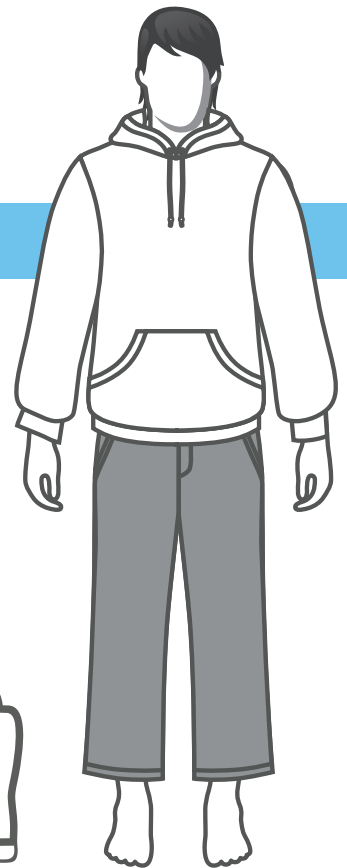

## Shower before you leave work

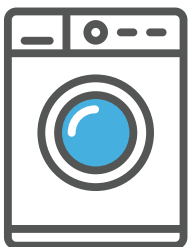

- Wash body and hair with soap
- Wash your face with soap  
- especially the area around mouth and nose
- Use a clean towel

## Put on clean clothes

- Change to clean footwear or wash and disinfect your footwear

- Leave towel and work clothes to be washed at work.  
Wash at 60°C.
